THE TRUE NORTHERNER advises the village authorities of Paw Paw to take some of the money from the well filled treasury and expend it on the streets of that village. This is sound advice, and such a movement would prove a good investment. A few years ago the city of Paw Paw began to grade and gravel her streets and build her sidewalks from the city treasury. At first there was much complaint, but time has proven the wisdom of this course. Ten years have made great changes in this city in this respect. We now have the finest streets and sidewalks of any city of its size in the state. The work has been accomplished without being a burden to the tax-payers, and the actual value of property in this city has been greatly increased by these improvements. They have paid for themselves many times over in the increased value of property here.—*Dowagiac Republican.*
